Improved productivity and safety

Use the RIPACK® gun at a fixed work station with the gas hose reel

Heavy duty construction for industrial application: corrosion resistant powder coated steel, four -direction non-snag rollers reducing hose wear abrasion.

Possible mounting on wall, ceiling or floor.

Provided with a swivel bracket for a greater ease of work.

Adjustable guiding arm for horizontal or vertical hose release.

Fully equipped with:
- specific high pressure gas hose (propane or natural gas)
- crimped connections 3/8” left
- swivel bracket 120°
- adjustable hose stop
- multi-position release ratchet
- user’s and maintenance guide
- drilling template
